NEWS

Operating across The South

Property Sales | Lettings | Management

Now is the time to sell or let your property

through The Country House Company

- The demand for rural properties remains high, particularly in the South with its accessibility to commuter links and areas of protected countryside.
- The supply of property remains low, and this combined with low interest rates, making mortgages more accessible, indicates that the market will continue to remain strong for the future.
- As we move through the summer prospective buyers and tenants are keen to secure a home before the winter.
- A buy to let property may also be a capital growth asset.
- There is likely to be a financial consequence to Covid and if you plan a longer term rental or buy or sell now, then you may be able protect yourself from any impending economic uncertainty.

These circumstances make now the ideal time to sell or rent your home. At The Country House Company we are flexible in our approach, working as a team to ensure the best outcome for you and your property. We can explore all your options with you and offer a package to suit your needs.

Midhurst, West Sussex £8,500 pcm

Hambledon GP £925,000

Lower Froyle £2,250 pcm excl

“From first contact, throughout our tenancy and indeed in our final weeks as we prepared to depart, TCHC staff were consistently professional, courteous and polite. We count ourselves as lucky to have hit upon your team and grateful for their responsiveness.”

“The Country House Company worked incredibly hard to secure our dream home... Our experience demonstrates that getting the right team on the case makes all the difference. Thank you to the team at The Country House Company.”
